

East Ascension Telephone

Local Optional Service allows you to call communities within the parish or within 40 miles of the telephone office serving you without having to dial a "1" first. The LOS plan gives you a reduced long distance rate on all calls you make to that area.

Refer to the LOS charts on the following pages for a list of the first three (3) digits of phone numbers you can call without dialing "1" before the number.

Any questions concerning this service should be directed to the East Ascension Telephone Company Business Office.

If you are a residence customer and make in excess of \$2 worth of long-distance calls, or a business customer that makes in excess of \$4, our Local Optional Service plans (LOS) should save you money.

All Local Optional Service calling is measured and billed on a usage sensitive basis. Customers subscribing to this service will not receive an itemized statement. However, a printed list in

lieu of the usual summary billing may be requested by contacting your service representative at 621-4300.

Customers subscribing to this service will be billed the following rates:

Monthly Recurring:

Residence-per line.....	0.97
Business-per line.....	2.00

Day Rate is from
8:00 a.m. to 8:00 p.m.
Night Rate is from
8:00 p.m. to 8:00 a.m.,
weekends and holidays.

Within a 22 mile area, LOS calls will be billed per call until you reach \$15 for a residence or \$25 for a business per line. You will not be billed for calls in excess of that amount. If your measured usage is below the capped prices, you pay only the measured amount. Calls made to areas between 22 and 40 miles are not included in the cap but are billed at the reduced rate.
